

EVS Vacancy in France

EVS Vacancy in France

Location: les Mureaux (France), Région of Paris

Period: 01/10/2017 – 31/07/2018

The BIJ (Bureau Information Jeunesse) is part of the national Youth information network (Information Jeunesse). In all, this network welcomes and informs more than 5 million young people each year in France. In les Mureaux, the BIJ is attached to the municipal youth service, which performs activities with young between (about) 16 and 25 living in the city.

The city of les Mureaux, is about 40 km next to Paris. The BIJ of les Mureaux was created in 1999 by the mayor. A safe anonymous place, open to all young people without (about 16 to 25) personal appointment is proposed. Professionals trained specifically for youth information provide free access to information or a personal interview. The BIJ offers complete, impartial, practical and updated information about education, business, employment, training, health and practical life, sport, initiatives, European and international mobility.

The participation of the volunteer helps to boost projects related to youth information, the promotion of cultural diversity and the development of a European consciousness

The volunteer's main tasks at the BIJ will be:

- To inform young people about mobility in Europe and other topics according to their interests
- To talk English **with** Mureaux 's population (le café des parents), this is a part of a program for the linguistic's sector in this city
- To promote Erasmus+ and his experience of volunteering through actions / activities with schools and local associations where the volunteer will be invited to report his experience as a volunteer
- To create a platform for the young people (16/26) want information to be volunteer in Europe
- To take part in function of structure (information, help etc)

Note: The BIJ in lesMureaux is not the coordinating organisation of the project but only the receiving organisation. **The coordination is done by the Centre Information et Documentation de la Jeunesse (CIDJ) in Paris.** Since they coordinate other volunteers in the Region of Paris as well, it is easily possible to cooperate with these volunteers. It is also very likely that the volunteer will be assigned to take part in youth information activities at the CIDJ in Paris.
